PETITION TO CORRECT INVENTORSHIP
PURSUANT TO 37 C.F.R. §1.48(c)

Assistant Commissioner for Patents
Washington, D.C. 20231

I, Christine M. Dieckhaus, make this petition pursuant to 37 C.F.R. § 1.48(c), to correct the inventorship of the invention claimed in the above-identified patent application, U.S. Patent Application Serial No. 10/023,059.

When the present application was filed, Timothy L. Macdonald was the sole named inventor. However, because of amendments to the claims, Applicant's representatives have determined that the correct inventors are now Timothy L. Macdonald and Christine M. Dieckhaus.

Petitioner hereby requests that Christine M. Dieckhaus be added as inventor of the above-identified application.

Furthermore, Christine M. Dieckhaus hereby states that the addition of her as inventor is made necessary by amendment of the claims, and that the error which caused the inventive entity to be set forth in error in the executed 37 C.F.R. § 1.63 declaration in the above-identified application arose without deceptive intent on her part.

In summary, at the time the present application was filed, the inventor of the subject matter claimed in the present application was Timothy L. MacDonald. Therefore, correction of the inventorship of the present application is appropriate under 37 C.F.R. § 1.48(c), and when the Examiner takes the present application up for the first Office Action, consideration of this amendment is respectfully requested.
